

SURVEY SHOWS ROLLING STOCK IN POOR SHAPE

Fifty Per Cent of Locomotives Inspected Found in Dire Need of Repairs.

By Universal Service.
Out of 4,085 government inspected locomotives, 2,456 were found to be defective.
This was disclosed yesterday in a report of the Interstate Commerce Commission to the Senate. The inspections were made at 717 different points and are said to represent a survey of the 70,000 locomotives in use.
The Attorney General said also that there is an increase in violence and declared he has wholesale evidence of sabotage to rail equipment.
The Chicago and Alton Railway has been compelled to suspend operation. It may be the first to be taken over by the Government under Federal receivership, it was stated.
The following telegram was sent to all United States attorneys:
"In cases where injunctions have been violated you are instructed under direction of the court to promptly and vigorously prosecute violators and urge the court to make the sentences sufficiently severe to prevent a repetition of such violations and as a deterrent to others."
"Transportation and the mails must no longer be interfered with and the laws must be enforced impressively."
There is evidence that between 4,000 and 5,000 cars have been tampered with, Daugherty said. Most of them are on the coal carrying railroads of the South. There is also evidence on the use of dynamite in destroying property, he declared.

ASKED TO POSE IN NUDE, MODEL TAKES POISON

"It Was Too Much," Says Miss Belle Bruce, After Attempting Life.

DETROIT, Mich., Aug. 30.—"Just lonesome" was the explanation Miss Belle Bruce, twenty-year-old artist model, first gave for swallowing twenty poison tablets in an effort to end her life last night.
But later the young woman, who is strikingly pretty, with Titian hair and classic features and form much in demand for style posters, shyly admitted that she had an engagement to pose before an art club, the engagement requiring her appearance in the nude. Miss Bruce said "it was too much."
"I had taken only a few tablets," said the young woman, after a session with the stomach pump had removed her from the danger line. "There's a woman over there who took only four tablets. They say she is going to die."
Miss Bruce, who claims to be a niece of Albert Pontius, United States consular agent in China, said that she still wished to die.
The girl said she came here from St. Paul, Minn., in July, but decided that following death of her father, life was not worth while and decided to end it all. She said she was engaged to marry a St. Paul man, but that the engagement had been broken off recently.
"Since then," she said, "I have been a rolling stone. I have posed for pictures of hats, dresses and style posters in St. Paul, Omaha and Denver and also have done similar work in Detroit."
MONSTER WET PETITION IS SIGNED BY WOMEN
CHICAGO, Aug. 30.—The giant petition of 550,000 voters of the State calling for a modification of the Volstead act to permit light wines and beer will start for Springfield today on a train.
Thirty-nine per cent of the signers were women voters, and all of the 550,000 were so selected that they represent every Congressional district in the State.
From each district at least 10 per cent of all voters have signed. A. D. Plamondon said.
While a demonstration is being held in the Coliseum another one is planned to greet the truck in Aurora.
Among speakers at the meeting here will be former Governor Edward F. Dunne, State's Attorney Robert E. Crowe, Capt. C. G. Ince, of the American Legion, and Judge Bernard Barassa.

LOSES \$3,300, SAVINGS OF 20 YEARS, ON WEDDING EVE

NEW YORK, Aug. 30.—With \$3,300, which represented his savings since 1903, wrapped in a newspaper, Harry Asmus, of Brooklyn, rode downtown in an elevated train on his way to a steamship office to purchase passage for himself and bride-to-be to Europe.
His attention was distracted for a moment, and he placed the currency beside him on the seat. A stranger who rode in the same car picked up the newspaper and walked off with it before Asmus realized his loss.

HUSBAND SPOKE HARSHLY, SHE SWALLOWS LYSOL

NEW YORK, Aug. 30.—After her husband, George, it is alleged, had "spoken harshly to her for not dressing neatly around the house," Mrs. Veronica Addis, twenty-eight years old, drank a quantity of lysol. She was found lying in her room by her mother, Mrs. Marie Schaffer, who ran to the street shouting "My daughter is dying!"
Patrolman Casella called an ambulance. Dr. Martweather of Knickerbocker Hospital, said Mrs. Addis's condition was not serious.

BABY BORN IN HOSPITAL, BROTHER IN AMBULANCE

SHAMOKIN, Pa., Aug. 30.—Shamokin State Hospital ambulance lost a race with the stork. When rushing from the home of Mr. and Mrs. Paul Yotey, of Exchange, a suburb of Mt. Carmel, a bit of new life made its way into the world and let out a lusty squall. The ambulance had lost by a twin, for inside the hospital, honors became even between the stork and the ambulance when the surgeon announced the birth of another child, making twin boys.
Both are lusty youngsters, according to the doctors.

MANY MISTAKES IN LUNG DIAGNOSES, SAYS EXPERT

GLASGOW, Aug. 30.—Doctors often fail to diagnose correctly lung consumption as distinct from other respiratory diseases, according to Professor Erist, of Paris, in a recent address before the British Medical Association.
He said that in 1916, at Compeigne, 192 men were sent to a hospital with a diagnosis of tuberculosis. Observations showed the diagnosis to be justified in only 53 cases. The other 139 cases, he declared, were undoubtedly non-consumptive.

PENINSULAR PAIR TRIED 300-MILE HIKE TO WED

ALLENSTOWN, Pa., Aug. 30.—Their romance shattered by poverty, Joseph Badolato, twenty, and Lanie Grick, sixteen, of this city, returned home footsore, hungry and penniless, after a hike of nearly 300 miles, in an effort to reach Elkhart to get married.
Badolato was arrested on a charge of abduction. The girl was taken in charge by her parents.
The pair, it is said, met at a local park one night recently and decided to elope. Neither had any money, so they started to walk.

ACCIDENT TO PET DOG CAUSES CHILD'S DEATH

TRENTON, N. J., Aug. 30.—George C. Johnson, six-year-old son of Mr. and Mrs. Damon Johnson, of Bristol, Pa., near here, is dead as the result of being frightened into convulsions when his pet dog was struck by an automobile.
The child and dog were playing near the Johnson home, when the animal ran after a machine. The dog was struck and knocked over, but was not injured. When he saw the dog hit, the boy ran into his home screaming. He went into convulsions and died.
